Nezhlya Emin

CHEMICAL ENGINEER / FRONT-END DEVELOPER

PROFILE

I am a chemical engineer with experience in atomic absorption spectroscopy and mass spectrometer. I successfully finished the SheCodes coding training and looking for opportunities to continue my coding journey.

SKILLS

- HTML (HyperText Markup Language)
- CSS (Cascading Style Sheets)
- JavaScript
- React.js
- Microsoft office
- Teamwork

CERTIFICATIONS

- SheCodes workshop - Front-end developer
- YOGABODY Trapeze teachers training
- The System of Management & the Management of the System: ISO 9001 and Good Management Practices

WORK EXPERIENCE

Chemical analyst

InOvo - Leiden (The Netherlands) | June 2023 - present

- Mass spectrometer analyst

Variant functions including hospitality, vehicle equipment, and production line work

Spain and The Netherlands / 2017 - 2023

Chemical analyst

Dundee precious metals - Chelopech (Bulgaria) | Sept 2013 - April 2017

- Atomic absorption spectroscopy analyst
- Collaborated with other scientists, wastewater and oil analysis

EDUCATIONAL HISTORY

University of Chemical Technology and Metallurgy - Sofia (Bulgaria)

Bachelor in Organic synthesis | Sept 2009 - June 2013

- Studied Inorganic Chemistry, Organic Chemistry, Analytical Chemistry, Physical Chemistry;
